

Vimlesh Tiwari

Software Developer | AI&ML Engineer | Data Analyst

✉ vimleshtiwari2005@gmail.com ☎ 8269969750 📍 Bhopal , (M.P.)

PROFILE

Versatile Software Developer and AI enthusiast with practical experience in building full-stack web applications, machine learning models, and data analytics solutions. Proficient in modern development frameworks, computer vision, and cloud-based technologies, with a strong foundation in software engineering principles and a passion for solving real-world challenges through technology.

EDUCATION

BTech in Artificial Intelligence and Data Science,

Sagar Institute of Research and Technology - Excellence , Bhopal

08/2023 – Present

Bhopal (M.P.)

SKILLS

- Programming : Python , SQL , Javascript
- Databases : MongoDB , Firebase , Supabase
- Developer Toolkit : GitHub , VS Code , Vercel
- BI Tools : Power BI , Tableau , Excel
- AI & Machine Learning : Scikit-learn, TensorFlow, OpenCV, YOLO, Pandas, NumPy

PROJECTS

SmartCart AI - Intelligent Price Tracking System 🌐 , *React.js, Python, Flask, MongoDB*

- Built an AI-powered web application that monitors product prices and notifies users when target prices are reached.
- Designed RESTful APIs and integrated MongoDB for efficient data storage, retrieval, and scalable backend operations.
- Implemented a responsive dashboard with real-time tracking, delivering an intuitive and user-friendly experience.

HairCraft – AI-Powered Salon Management Platform 🌐 , *Tech Stack: React.js, Firebase, JavaScript, HTML, CSS*

- Engineered a full-stack salon management platform with secure authentication, appointment booking, and service management.
- Developed a premium, responsive UI focused on performance, seamless navigation, and an enhanced user experience.
- Leveraged AI-assisted development to accelerate feature implementation, debugging, and UI optimization.

Safety Compliance Monitoring System, *Python, YOLO, OpenCV, TensorFlow*

- Developed an AI-powered computer vision system to detect Personal Protective Equipment (PPE) such as helmets and safety vests in real time.
- Implemented object detection and image processing techniques to identify safety violations and improve workplace compliance.
- Optimized the detection pipeline for accurate, low-latency monitoring suitable for industrial environments.

Retail Sales Analysis| Power BI, DAX,

Analyzed 10,000+ sales records to uncover revenue trends and regional performance gaps.

- Developed interactive state-wise sales dashboard with slicers and dynamic filtering.
- Created calculated measures using DAX for KPI tracking (Revenue, Profit, Growth %).
- Performed data modeling to optimize report performance.
- Enabled data-driven decision-making through visual storytelling.

Expense Tracker | Business Analysis Project

- Designed an expense tracking system for managing daily transactions.
- Categorized expenses and generated monthly reports.
- Created dashboards to analyze spending patterns.
- Delivered data-driven insights for budget planning.

E-commerce Sales Analysis

- Analyzed customer orders and sales performance.
- Built dashboards to track revenue and KPIs.
- Identified customer purchasing trends.
- Delivered insights to improve business growth.

CERTIFICATES

Data Analytics Virtual Internship – Forage 2025

- Completed real-world business data case simulation and analytical reporting

Power BI Certification [SAGE Winter school] | 2025

- Trained in data transformation, KPI development, and business intelligence reporting.

Tata Group – Data Visualization Virtual Experience – Forage | 2025

- Completed industry-based simulation focused on data storytelling and business insight generation.

AREA OF INTERESTS

AI-Powered Applications | Scalable System Design | Exploring New Perspectives |
Problem Solving And Decision Making | Late-Night Idea Brainstorming |
Observing Social & Behavioral Patterns

EXTRA - CURRICULAR ACTIVITY

Cultural Club Coordinator – SIRT-Excellence | 2024–Present

- Led planning and execution of cultural events and campus programs.
- Handled scheduling, participant engagement, and on-ground operations.
- Strengthened campus participation through structured activity planning.

Active Participant – Group Discussions & Presentations

- Presented academic and analytical projects before peers.
- Developed structured communication and articulation skills.
- Engaged in critical thinking discussions.
